*“We believe in the **best**, not the biggest.”*

KRIJMA STANDARDS

A message from the *Director*

Jawahar Singh Pahal

FOUNDER & DIRECTOR

“Krijma was built to deliver disciplined execution — and to eliminate what poor execution costs in time, money and trust.”

Krijma was founded on a simple observation. The real-estate developers we worked with — and the clients they served — consistently wanted three things from an electro-mechanical contractor: pricing that stayed reliable, execution that did not require rework, and the honesty to flag problems early, with practical solutions attached.

Before founding Krijma in **January 2009**, I spent more than two decades within leading real-estate and infrastructure groups — Vatika, Paras, Ooms and Universal — in electrical and project-management leadership roles from Manager to Vice-President. Those years showed me what disciplined execution looks like, and what poor execution ultimately costs. Krijma was built to deliver the former and eliminate the latter.

Today, **seventeen years later**, our work spans 11 kV and 33 kV substations, complete electrical fit-outs for residential, commercial and industrial developments, HVAC, fire & safety, and low-voltage systems including CCTV, access control and structured cabling. We have delivered **over 70 projects** for leading developers including **EMAAR, Experion, KPC Projects, TATA, Adani Realty, Universal and Ameya** — and many are repeat clients, the clearest sign of trust.

Across every site we place equal weight on engineering discipline, safety and professional conduct. We work mainly across North India, and we can take on projects anywhere in the country. Our culture rests on three principles — **Economy, Excellence & Ethics**: fair pricing, dependable execution and transparent communication. If you are planning a project — large or small — we would welcome the opportunity to work with you.

Jawahar Singh Pahal

The right mix of people & *professionalism*

Krijma Engineers (P) Ltd. is an electrical, mechanical and interior engineering contractor based in Gurugram — designing, installing and commissioning complete electro-mechanical scope for residential, commercial, industrial, mall, hospitality and infrastructure projects.

Founded in January 2009 by Jawahar Singh Pahal, Krijma began as a turnkey electrical specialist for real-estate developers and has grown into a multi-discipline contractor handling HT/LT power, HVAC, fire & safety, low-voltage systems and full interior fit-out. We work across single-phase scopes and complete turnkey engagements — what runs through all our work is **on-time delivery at a competitive cost, signed off by the same team that quoted the job.** It comes down to the right mix of People, Experience and Professionalism.

2009 ESTABLISHED IN GURUGRAM	17+ YEARS OF DELIVERY	70+ PROJECTS DELIVERED	III ENGINEERING DISCIPLINES
---	--	---	--

Our *Mission*

To set the standard for electro-mechanical delivery in India — combining global best practice with the tight cost control this market needs, on the schedules our clients commit to.

Our *Vision*

To be the contractor developers and industrial clients call first — in India today, internationally over time — by holding ourselves to the highest standards of execution and after-sales service.

One contractor, one point of accountability — across electrical, mechanical and interior scope.

The three *E's*

Economy · Excellence · Ethics

i.

Economy

Fair, transparent pricing — with no surprises in the final bill.

ii.

Excellence

Materials, workmanship and commissioning that meet IS standards and our own internal QA.

iii.

Ethics

Honest communication with clients, vendors and our own people — every time.

The three E's shape how we quote, deliver and behave. **These aren't just words — they're the standard we hold every site, every team and every bill to.**

Business *Policy*

We agree deadlines and budgets up front and plan around them. Transparency, fairness and long-term thinking earn us repeat orders — most of our active sites are with clients we have already delivered for. We treat the timelines our clients give us as fixed, and we plan to meet them. When schedules slip, our clients hear about it from us first — with a corrective plan attached.

Quality, discipline & *safety*

Quality

On-time delivery at the optimum cost, with best-in-class quality. Our manpower is experienced, professional and skilled — fit for any working environment, and put through focused pre-induction training before deployment.

Inspection

A system of surprise checks under the direct control of our General Managers. Managers (Technical & Operations) inspect every site in their zone at least once a week for smooth functioning.

Standards

We believe in the **best, not the biggest**. We follow all statutory norms, maintain individual records of every deployed staff member with regular reviews, and use only recommended or best-quality materials.

Safety

Full compliance with all safety codes — a dedicated safety supervisor on every site, all workers covered under the Contractors' All-Risk policy, and safety & medical kits available at each site.

DAILY TOOLBOX TALK BEFORE DEPLOYMENT

SITE SAFETY · GWALIOR

Nine reasons to *trust* us with your project

Partner with the Krijma team for your project or facility-management needs, and you can:

i Concentrate on your core business —
untroubled by support services.

ii Expect dependable service, delivered on
schedule.

iii Expect a fair and honest approach in all
dealings.

iv Expect the same quality, delivered within
budget.

v Get high stability & performance.

vi Promote a safe and hygienic work
environment.

vii Entrust the job to experts for professional
execution.

viii Experience a comprehensive approach to
planning.

ix Rely on a single point of responsibility.

A flexible, self-reliant partner.

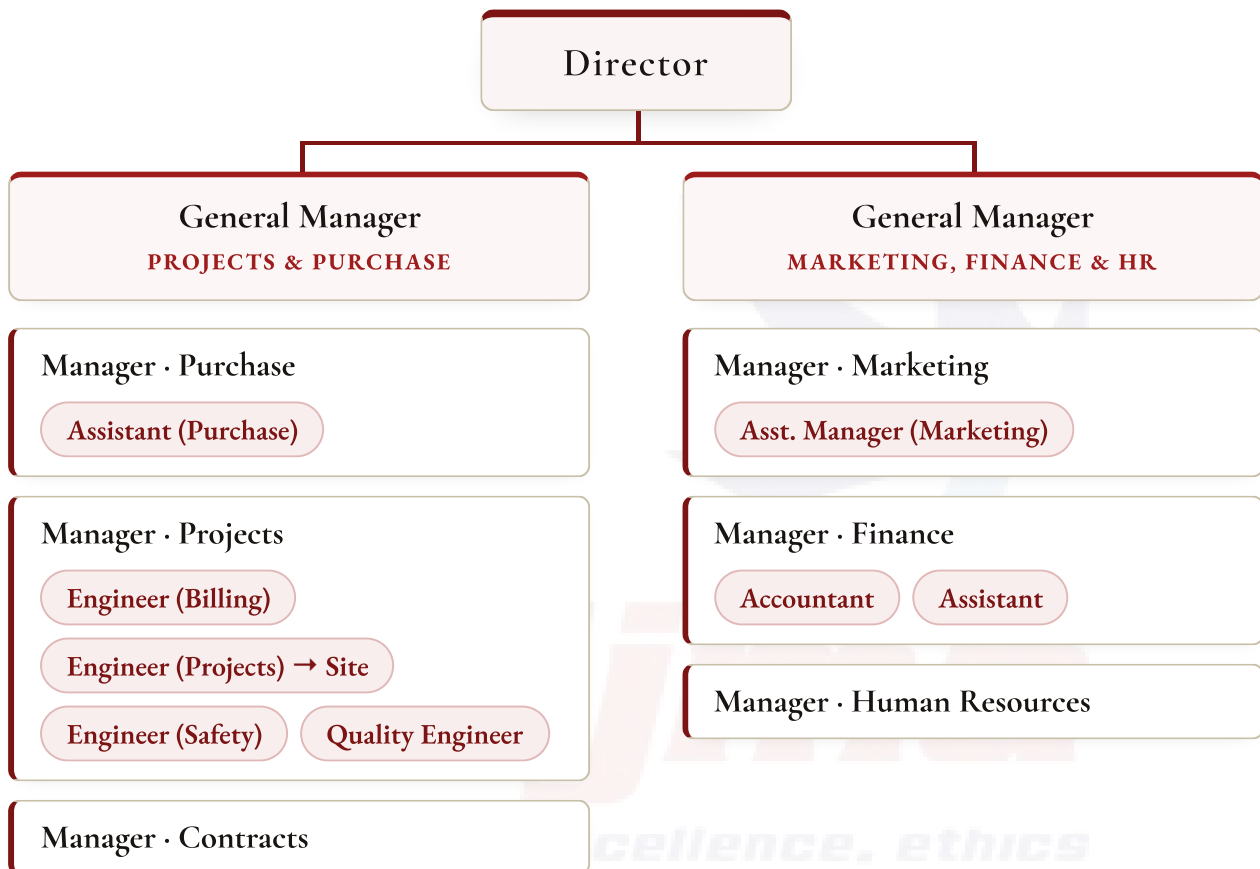

*We help companies plan and deliver
their electrical, mechanical & low-voltage systems.*

EVERY ASPECT OF OUR FUNCTIONING POINTS TOWARD TOTAL CUSTOMER
SATISFACTION

Structure & *reporting*

A flat, accountable structure — the Director and two General Managers lead dedicated project, purchase, marketing, finance and HR functions, with a single, clear chain of command running to every site.

Organisational *hierarchy*

Site *setup*

Electrical Power

From utility intake to the final circuit, Krijma designs, installs, tests and commissions complete electrical scope — high-tension substations through low-tension distribution — for residential, commercial, industrial and infrastructure projects. We work alongside your builders and other contractors with minimum disruption, signing off each site as we go.

High Tension (HT)

11 kV and 33 kV substations — supply, installation, testing & commissioning, plus underground and overhead line laying. Turnkey delivery from utility intake to switchgear.

Low Tension (LT)

Cable laying, panel boards, conduiting, wiring and lighting fixtures across residential, commercial and interior projects — built to IS standards and signed off site-by-site.

33 KV PACKAGED SUB-STATION · HT · GWALIOR

Systems & Fire-Safety

Low-voltage, communication and fire-safety systems — designed, installed and commissioned alongside the power scope, by the same site team.

CCTV & Access Control

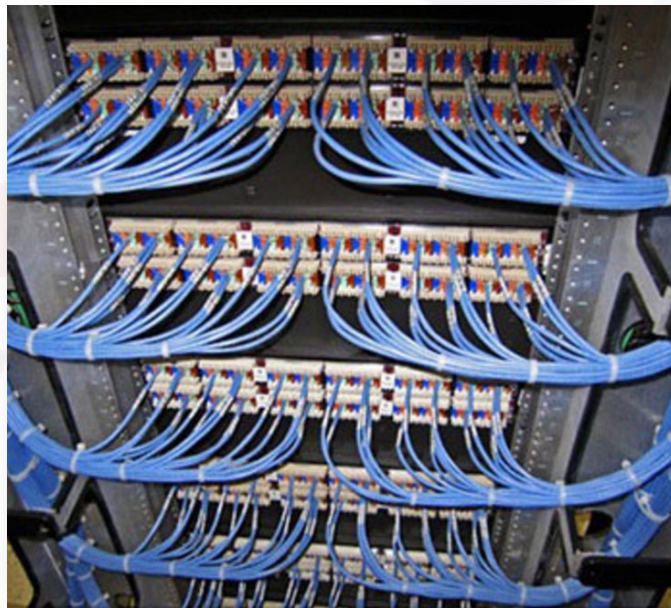

Site surveillance and access control — IP CCTV, NVRs, card-based entry and integration with on-site security systems, from residential gates to multi-floor commercial premises.

Telephone & LAN

Structured cabling and voice — CAT-6 backbones, server racks, switches, IO faceplates and telephone instruments, built to scale with the building.

Fire Alarm Systems

Addressable and conventional fire alarm systems — smoke and heat detection, MCPs, hooters, repeater panels, cabling and commissioning per the National Building Code.

STRUCTURED CABLING & DATA RACK · LOW-VOLTAGE SYSTEMS

Interior Solutions

Interior fit-out coordination — handed over as a single, snag-cleared package. We manage the trades so the developer manages one contract, not five.

Trade Coordination

Fire fighting, HVAC, lighting and networking brought together across the fit-out — one point of responsibility from base-build to handover.

HVAC

Ducting, AHU / CSU and low-side works planned and commissioned in step with the interior programme.

Lighting & Networking

Lighting layouts, structured cabling and IT brought together so the space is move-in ready.

FEATURE LIGHTING & FINISHES — MULTIPLEX LOBBY · INTERIOR

Trusted by India's leading *developers*

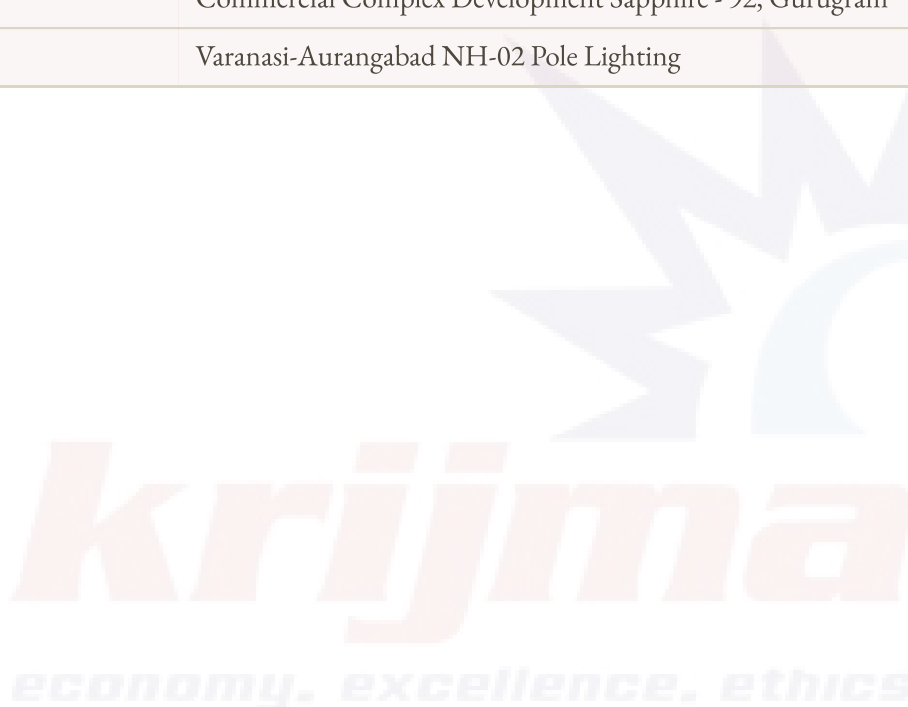

A selection of the developers, groups and institutions Krijma has delivered for — across real estate, infrastructure, retail and industrial sectors.

**OFFICE OF THE
REGIONAL PROVIDENT FUND COMMISSIONER
REGIONAL OFFICE
Plot No. 43, Sector 44, Gurgaon (Haryana)**

No. : Comp./Gov./HR/GGN/ 31749 / 3795

To: M/s. Krijma Engineers Pvt. Ltd.
H.No - 846/1st floor, Plot No - 1,
Near Chelva Public School,
West Lajpurgar, Gurgaon.

Regd.A.D.
Dated the: 26/7/11

Sub: Applicability of the Employees' Provident Funds & Miscellaneous Provisions Act, 1952 and the
Scheme framed thereunder to M/s. As above.

Dear Sirs,

On the basis of particulars furnished by you on and
on the basis of the inspection of the records of your establishment conducted by the Enforcement Officer
on 19/5/2011, it is evident that:

(a) Your establishment / factory viz M/s. As above is engaged
in Trading & Commercial, which is included in Industries / Classes of establishment to
which Employees' Provident Funds and Miscellaneous Provisions Act, 1952 applies.

(b) that the said establishment / factory has employed 21 persons on 19/5/2011

Therefore, the provisions of the E.P.F. and Misc. Provisions Act, 1952 and the Schemes framed
thereunder are applicable to your above named establishment together with head office and its branches/
departments whether situated at the same place or at different places with effect from 19/5/2011
subject to further verification of your records for the earlier period.

With reference to your application No. dated you are hereby allotted
code No. HR/GGN/ on Administrative ground. Please note that this will not effect the
original applicability of the establishment and it will be treated as part and parcel of the parent unit for all
purpose (damages etc.). Employee's share for the period will not be waived off.)

With reference to your application No. dated received for application of E.P.F.
& Misc. Provisions Act, 1952 to your establishment under Section 1 (4) of the said Act on voluntary basis.
Code No. HR/GGN/ is hereby allotted to your establishment covering your
establishment with effect from pending issue of a notification by the Government of
India in exercise of the powers conferred on them by sub-section (4) of Section 1 of the E.P.F. & Misc.
Provisions Act 1952.

Subject:- Implementation of the E.S.I. Act, 1948 and Registration of Employees of the Factories and Establishments under Section 1(5) of the Act, as amended.

Dear Sir(s),

1. It is informed that under section 1(3) of the esi act, 1948 is applicable to all factories/establishments covered under the act within the area where your factory/establishment is situated

2. It is further informed that the appropriate government has extended the provisions of the act to other establishments under section 1(5) of the act in this area

3. Under section 2-a of the act such a factory/establishment is required to register itself under the act and chapter iv thereof casts a responsibility on the principal employer thereof to get his employees registered and pay contributions in respect of these employees covered under the act

4. On the basis of the particulars in respect of your factory/establishment submitted by you, the report of the inspection conducted by the Insurance Inspector/Branch Office Manager who inspected your establishment on -NA- your establishment falls within the purview of Section 1(5) of the Act with effect from 02/05/2011 provisionally/finally. In case, however, subsequent facts reveal that your establishment was coverable from a date prior to the date mentioned above, you shall make yourself liable to comply with the provisions of the Act from such earlier date.

5. It is requested to take immediate steps for registration of your employees by submitting declaration forms, payment of contribution, maintenance of records etc. from the date of coverage of your factory/establishment under the act. You are also requested to submit employer's registration form (form 01) as required under the provisions of sec 2-a of the esi act, 1948 read with regulation 10-b of the esi(general), regulations, 1950

6. For the sake of convenience your establishment has been allotted code No **69000506790001001** which may kindly be used in all communications sent to this office and on all forms at the place indicated for the purpose. The Branch Office of the Corporation situated at **GURGAON** has been instructed to render necessary assistance to you in connection with registration of your employees. In case you find any difficulty or for any other purpose which may be necessary in connection with the Scheme you are requested to contact the Manager of the above Branch Office who will render necessary help in the matter.

7. It is requested that publicity may kindly be given to list of insurance medical practitioners, employees' state insurance dispensaries to enable your employees to choose their esi dispensaries/insurance medical practitioner required forms etc. may please be collected from the branch office mentioned above to which all your employees will also be attached.
